Military Medical Personnel Course for the Balkan Area (MMPC)

CHE.2869

www.armee.ch/peace-support

Within the context of the Partnership for Peace programme PfP, the Swiss Armed Forces International Command SWISSINT presents the Military Medical Personnel Course for the Balkans area.

This training of trainers course is run as a stand-alone module for Military Medical Personnel in the Balkans area and the Balkan Medical Task Force.

During a 5 days period you will be trained by a specialized military medical team to prepare you for the challenges of an international deployment.

The aim of this tailor made course is:

- To conduct the Prehospital Trauma Life Support (PHTLS) provider course and thus to extend any instructors qualification by four years.
- To refresh knowledge with regards to Basic Life Support 1 contents.
- To prepare participants to be able to develop training manuals and lessons at both beginner and advanced levels.
- To conduct further education / advanced training in invasive emergency techniques.

This course is conducted in Skopje (North Macedonia) and admission is upon invitation only.

We will be glad to help you if you have any questions. We look forward to your application.
