ICPSO – Introductory Course Peace Support Operations CHE.2851

www.armee.ch/peace-support

Within the context of the Partnership for Peace programme PfP, the Swiss Armed Forces International Command SWISSINT presents an Introduction Course for Peace Support Operations (ICPSO).

You will receive essential tools and learn crucial skills during a 10 day period to prepare you for the challenges of international field deployment or just to learn more about the international context of PSO. Our guest speakers and military team of expert specialised trainers will guide you through this comprehensive and challenging course. They will coach and assist you to hone key skills to be able to successfully tackle difficult situations in uncertain environments.

AIM

On completion of the course you will:

- Have a better understanding of the international PSO-environment, the main players and institutions, and of foreign and domestic security policies.
- Be effective in assessing and recognising safety and security threats and challenges.
- Be confident and competent to make critical and appropriate decisions in stressful situations.
- Be able to effectively and competently communicate (and negotiate) in various situations using appropriate strategies and techniques.
- Be proficient in map-reading, navigating and the use of radio and GPS.
- Be capable of applying basic first aid techniques and carrying out emergency life support.
