Biography

Between 2018 and 2023, Maximilian Dambacher has studied “International and European Governance” in Lille, Münster, and Warsaw. During his studies, he has dealt primarily with the European integration process, international relations, and international security studies. He is working on a research project at the Department of Defense Economics since 2024.

Main areas of research

- Cross-border cooperation
- European migration regimes
- Chances and risks of economic integration in Europe
- International dependencies in national economic supply
