## Biography

Next to his work at the Military Academy (MILAC) at the ETH Zurich researching the Peoples Liberation Army of China, Matthias is also a doctoral student at the Research Centre for Neurophilosophy and Ethics of Neuroscience at the Ludwig-Maximilians-University in Munich (LMU), where he writes about the neural predictability of mental events. Originally Matthias studied philosophy, political science and Arabic at the University of Zurich (UZH) and later continued his studies at the LMU in philosophy and Chinese language and culture (BA), where he also completed a graduate degree (MA) in philosophy with a focus on philosophy of mind and artificial intelligence. In the Swiss Army Matthias is an officer in the rank of captain. Matthias was born and grew up in Taiwan.
