

## QR-Code App Swiss Air Force

Always up to date – with the new SAF News app from the Swiss Air Force

With the new SAF News app, you can now stay up to date on the activities of the Swiss Air Force at any time and from anywhere. The free app bundles national and regional news on exercises, operations, developments and highlights from everyday life in the Air Force – directly on your smartphone. The app provides you with real-time information and allows you to filter content according to your personal interests. To make it as easy as possible to get started, you can conveniently download the app using the QR code below. One click, one scan – and you are connected to the Air Force.
